Unsuitable extinguishing media:	High volume water jet.
Special hazards arising from the substance or mixture	ND
Fire Hazard:	ND
Explosion Hazard:	ND
Reactivity:	Stable
Instruction/Advice for Firefighters:	Structural firefighters' protective clothing provides limited protection in fire situations ONLY; it is not effective in spill situations where direct contact with the substance is possible. Wear chemical protective clothing that is specifically recommended by the manufacturer. It may provide little or no thermal protection. Wear positive pressure self-contained breathing apparatus (SCBA). Small fires: Move containers from fire area if you can do it without risk.
Protection during firefighting:	Firefighters should wear full protective gear. Do not enter fire area without proper protective equipment, including respiratory protection.

#### **Section 6. Accidental release measures**

---

##### *Personal Precautions, protective equipment and emergency procedures*

General Measures:	Do not walk through spilled material. Wear appropriate personal protective equipment. Avoid direct contact. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ventilate the area before entry.
-------------------	--

##### *For non-emergency personnel*

Protective Equipment:	Use appropriate PPE
Emergency procedures:	Evacuate unnecessary personnel. Only personnel trained on Emergency Standard Operating Procedure should aid in clean up.

##### *For Emergency responders*

Protective Equipment:	Equip cleanup crew with proper protection. Use appropriate personal protection equipment (PPE) if necessary.
-----------------------	--

Emergency procedures: Follow Standard Operating Procedures for facility where accidental release occurred.

Environmental Precautions: Prevent spills from entering waterways.

Methods and material for containment and cleaning up: Absorb and/or contain spill with inert material, then place in suitable container. Clean up spills immediately and dispose of waste safely and in accordance with state and federal regulations.
