

Automatic Dishwasher Detergent

Powdered Dishwashing Detergent

Description

Hawaiian Soap Factory Auto-Dish Detergent is a concentrated dishwasher detergent formulated to take out food and stains. The hot water in the washer cycle will activate a strong bleach, which helps in the eradication of stains. HSF Auto-Dish is conveniently made for 1 packet to handle one fully loaded dishwasher.

Features

- Concentrated formula allows for washing more dishes with less detergent.
- Formulated to be compatible in high efficiency washers. No sudsing.
- A hot water activated bleach removes coffee and tea stains of the like.
- 1 packet cleans one fully loaded dishwasher.

Dilution

- 1 packet per full load in dishwasher (1 oz.)

Directions for Use

- For use in high efficiency and regular dishwashing machines.
 1. Scrape off large food particles and prerinse before loading dishes into the sink.
 2. Load the dishes and utensils into the dishwasher racks. Load the bottom rack completely first, then load the top (if applicable).
 3. For optimal results, make sure the dishwasher is completely loaded.
 4. Pour 1 packet of Auto Dish Detergent into the soap compartment.
 5. Follow dishwasher manufacturer's directions for use.
